Change Your Ways

It would be wise
for you to love me now.
If you want to hold me here
if you want me to say.

And it would be nice
for you to want me now.
But I'll tell you girl
you'll have to change your ways.

Then we can love
We can find out what we own.
We can stand beside the others who have shown
that with love you can make your life so sweet.
Tie up all the loosened bundles, oh so neat.

Its about time for us to think as one.
For us to put all our time together just for fun.
The time is right.
And starting's easy now.
But I'll tell you girl
you'll have to change your ways.

Then we can love
We can find out what we own.
We can stand beside the others who have shown
that with love you can make your life so sweet.
Tie up all the loosened bundles, oh so neat.

that with love you can make your life so sweet.
Tie up all the loosened bundles, oh so neat.
