## **Something Real**

I used to think I was better off alone,  
But long ago I found it is love that sets you free,  
Love...that sets you free.

Now I spend each night on my own,  
And pray for someone to come to me,  
Someone to come to me,...someone like you.

And I want to try,  
And I want to let you know how I feel.  
Just you and I,  
Have the chance to start  
Something real,...something real.

I kind of like the freedom on my own,  
But I'm losing ground to what's inside of me,  
What's inside of me.

I find myself listening for footsteps and phones,  
And any sign that you might think of me,  
Ah, if you'd just think of me, and care.

And I want to try,  
And I want to let you know how I feel.  
Just you and I,  
Have the chance to start  
Something real,...something real.

And I want to try,  
And I want to let you know how I feel.  
Just you and I,  
Have the chance to start  
Something real,...something real...  
Something real,...something real.
